The meeting convened at 6:40 p.m.

REVIEW LEGISLATION:

RES. NO. 26-19 – An emergency resolution authorizing participation in the Ohio Department of Transportation winter contract for road salt for the 2019-2020 winter season

Mr. Barnett advised the City has the opportunity to purchase road salt through the ODOT contract. ODOT will put the contract out to bid the end of April or beginning of May, however the City has to have a committed quantity and legislation to ODOT no later than April 16, hence the reason for the emergency resolution. Purchasing salt through the ODOT contract typically provides a lower price than the City could get on its own.

Mr. Barnett advised this legislation will allow for the City to purchase two thousand tons of road salt, plus or minus ten percent. He advised the City will be going into the summer season fully stacked with salt.

Mr. Hanek moved this resolution to tonight's Council Agenda of April 8, 2019 as an emergency with suspension of the rules. Vote – 3 Ayes, 0 Nays.

RES. NO. 27-19 – A resolution accepting a perpetual public easement from Kenneth R. Sacks for access to and maintenance of a public water main within the Orchard Apartments Development

Mr. Jones advised this easement is for Phase 2 of the Orchard Apartments Development between Beverly Hills Drive and Magnolia Drive. The public water main will be installed as part of that portion of the development, and will connect to both Beverly Hills and Magnolia.

Mr. Jones advised the water main will feed fire hydrants in the area, and the domestic connection for the apartment complex.

Mr. Hanek moved this resolution to tonight's Council Agenda of April 8, 2019 for three readings. Vote – 3 Ayes, 0 Nays.

RES. NO. 28-19 – A resolution authorizing the City Manager to enter into an agreement with the Ohio Department of Transportation for the storage of road salt

Mr. Barnett explained ODOT uses the City's facilities to run salt out of when they are providing service in the Brunswick area, and they replace the salt as they use it. ODOT also uses the City's loaders and as a reimbursement they give the City fifty tons of salt a year.

Mr. Capretta moved this resolution to tonight's Council Agenda of April 8, 2019, for three readings. Vote – 3 Ayes, 0 Nays.

GENERAL DISCUSSION:

Mr. Delsanter asked if there was a schedule to start spring road patching, and Mr. Barnett advised some cold patch was being done now, hot mix to patch was not yet available, and the asphalt emulsion used for the Durapatch machine was being switched from a winter blend to a summer blend; as soon as that material is transitioned to the summer blend it will be purchased.

Mr. Capretta asked about the pothole killer, and Mr. Barnett noted that was replaced last year with the purchase of the Durapatch Machine, noting the work is now done in house.

Mr. Barnett advised the administration has looked into the asphalt overlay concrete street program, and they would like to demonstrate the program on Tyler and Hickory Ridge.

Mr. Jones explained the process of the asphalt overlay program; up to three inches of concrete would be milled off the top depending on the condition of the road and that will provide a level surface to work with, joint repairs are done as needed most would be done with asphalt the bigger joint repairs would be done with concrete, an inner layer is put down, and then it is topped off with three inches of asphalt. Mr. Jones noted it is basically an entirely new road surface, all the defects are repaired and it is getting done at roughly 35% to 40% of the cost of a full reconstruction. He stated the service life is not the same as that of a concrete road reconstruction; however the service life will be about 15 years possibly more depending on the road traffic; and the life of the concrete road is extended at a fraction of the cost.

Mr. Jones expressed this was another tool the administration would like to attempt to use, and after walking a number of streets some were better candidates than others, and the administration feels that Tyler Road and the concrete section of Hickory Ridge are good candidates.

Mr. Barnett noted it was anticipated once Tyler and Hickory Ridge are milled off about 20% of the surface would have to be patched.

Mr. Jones noted joint repairs are about 50% of the overall cost of the treatment, and Mr. Barnett interjected once the joint repairs get above 50% it makes sense to replace the whole road.

Mr. Barnett noted nothing was set in stone, the administration wanted to advise Council of the program and get their feelings or concerns.

Mr. Jones commented with the amount of money available with road levy funds only about half of Tyler could get done, although he would like to have a conversation with Mr. Hanek as to how much of the funds he wanted to reserve for concrete repairs in ward 2.

Mr. Jones noted it was getting late in the year and the administration would like to get out to bid soon, and the recommendation of the administration is to move forward with this program, he commented it gives a superior product and a better service life to some of the streets.

Mr. Capretta thought it was a great idea, however, this was the first he was hearing of the program, and he would like to go over it with the administration with the involvement of the City Manager.

Mr. Hanek concurred with Mr. Capretta, he was all for it; however he would like to see it in a bigger context of what it means for his ward as to repairs and the repairs budget. But as far as anything that is going to make the roads better and take care of some of the roads that otherwise would not get done, he was all for that. He understood it would not be used on roads severely damaged.

Mr. Barnett commented there comes a point in each of the wards where it makes sense, he noted wards 2 and 4 have reached the tipping point and the overlay process makes sense. However, Mr. Barnett stated in wards 1 and 3 there are still a lot of panel replacements needing addressed, and it would be a few years before the overlay process could even be considered.

Mr. Jones interjected there were streets in wards 1 and 3 he would like to use the overlay process on, however because there is so much more concrete in those two wards there is more catching up to do.

ADJOURNMENT:

Being no further business, Mr. Hanek moved to adjourn at 6:53 p.m. Vote – 3 ayes, 0 Nays.

SAFETY & ENVIRONMENT COMMITTEE MEETING

April 1, 2019

IN ATTENDANCE: Chairman Brian Ousley, Committee Member Michael Abella Jr., Committee Member Andrea Rodriguez, Police Chief Brian Ohlin, Fire Chief Joshua Erskine, Assistant Fire Chief Greg Glauner, City Manager Carl DeForest, News Media.

The meeting convened at 6:05 p.m.

Mr. Abella moved to excuse Mrs. Rodriguez for just cause until she arrives. Vote – 2 Ayes, 0 Nays.

Mrs. Rodriguez arrived at 6:10 p.m.

SAFETY LEVY DISCUSSION:

Mr. DeForest started out by applauding the safety forces and the city collectively, as the city was ranked the number 8 safest city in the State of Ohio.

Mr. DeForest commented the safety levy replacement was a topic for discussion at the 2018 goal setting session, with the goal to secure long term funding for the safety forces. In May 2017 city income tax was increased from 1.85% to 2.00%, with the additional 0.15% anticipated to generate approximately \$750,000 in 2019; with all the extra funding going to secure police and fire services.

He continued by stating in previous years \$800,000 dollars was transferred from the general fund to the police and fire budgets due to a deficit. The increase shored up the deficit, two years later the administration was looking to go back to the ballot with a replacement levy; the reason for the replacement levy is due to the change in the terms of the levy, noting the current levy expires December 31, 2022. Mr. DeForest noted during the goal setting session in 2018 it was suggested that the priority should be to secure long term funding with the hope to go back to the ballot November 2019 to pass a levy in perpetuity.

In talking with the law department they came up with a time parameter to meet the requirements of the Board of Elections. Mr. DeForest commented by starting the discussions and process in April legislation would not have to be passed as an emergency and in the interest of full disclosure and social engagement it will give people of the community an opportunity to ask questions.

Mr. DeForest noted the time parameters are necessary in order to place the levy on the ballot in November as a replacement levy in perpetuity.

Mr. DeForest indicated he has been asked what the increase was going to be and he stated there is no increase, the income tax will remain at two percent; however the term is being changed from a five year levy to a forever levy.

Mr. Ousley noted discussions took place in the past about on ongoing levy, and hopefully the citizens of Brunswick will be behind it and it is his belief that the citizens would be. He stated the biggest thing about any levy is to give the service that was promised.

In response to that, Mr. DeForest stated the city has demonstrated that by being recognized nationally and at state levels for safety and security of the community. The division of police and fire keep the community safe responding in a reasonable and appropriate manner even though both the police and fire are under strength. Mr. DeForest noted the levy does not generate additional money to hire additional people; it only solidifies the current funding.

Mr. Ousley announced Mrs. Rodriguez was seated.

Mr. Abella asked what the main selling point was going to be for the reason of perpetuity.

In response to that Mr. DeForest indicated the main selling points would be things like being ranked a safe city, continuous funding for police and fire services, and the city has done what was said would be done with the money. He understood some people would rather see a term levy as opposed to a levy in perpetuity; however he thinks it was reasonable and appropriate to ask the community to continue to support the city based on the services that have been rendered.

Mr. Abella commented going into perpetuity allows the city to continue planning for strong safety, as opposed to term limits where the city has to figure out ways to financially come up with other funding sources.

Mr. DeForest mentioned a conversation he had with an individual who was not in favor of anything in perpetuity, and Mr. DeForest asked the individual when in the next twenty years would the need change for fewer police officers and firefighters in the City of Brunswick, with the population, situations, and challenges continue to grow. Mr. DeForest expressed the importance of supporting the men and women who keep the community safe.

The question of being able to raise the amount in the future was brought up by Mr. Ousley and Mr. DeForest noted extending the time frame does not lock into a maximum.

Mr. Abella asked about a time frame for public forums, and Mr. DeForest responded with already having open houses scheduled for police and fire October 10, two academies are scheduled; additionally a political action committee will be set up.

Mrs. Rodriguez interjected her family had a house fire and lost everything and she was grateful for the fire department; she understood the need deeply and was on board.

The committee discussed the time line for placing legislation on the Council Agenda for three readings; it was requested by Mr. Abella for the law department to draft legislation for the next meeting.

Mr. DeForest mentioned historically the administration engaged with the schools, and groups throughout the community, additionally a fact sheet will be created.

Mr. Abella moved the legislation for the November 5 safety levy resolution for replacement be placed into Committee of the Whole for discussion whether or not it will be moved to the Council Agenda. Vote – 3 Ayes, 0 Nays.

GENERAL DISCUSSION:

Chief Ohlin mentioned the Division of Police will be in support of Light Ohio Blue between May 8 and May 16 in recognition of National Police Week and Peace Officers Memorial Day May 15. More information will be forthcoming; members of the community that want to support law enforcement are asked to light their house up blue.

Mr. Ousley asked when the fire hydrants were going to get painted, and Chief Erskine advised two individuals were hired, and they should be starting the end of April.

Mr. Ousley asked if there was a way the City of Cleveland could paint the hydrants red before sending them out, and to that Mr. DeForest noted that was asked of Cleveland last year; they indicated the hydrants come from the factory orange and silver, and they will not change how they send them out.

ADJOURNMENT:

Being no further business, Mrs. Rodriguez moved to adjourn at 6:26 p.m. Vote – 3 Ayes, 0 Nays.

Mr. Capretta stated he has been talking about Hickory Ridge Plaza for months; and stated the owner needs to be held accountable. To that Mr. Aungst stated the building department was not aware of any issues, and noted the property owner has met code, and unless the tenants inform the department of issues no action can be taken.

Mr. Delsanter mentioned there were electrical and plumbing problems in the buildings and that is why there are vacancies. Mr. Aungst stated if the owner does not want to rent out a space he does not have to and he noted that was not an unusual practice.

LEGISLATION: **RES. NO. 25-19** - A resolution establishing a Sisterhood city relationship between the City of Brunswick, Ohio, and the City of San Juan, Metro Manila. - **2nd Reading** (Committee-of-the-Whole, *Administration/Mayor Ron Falconi*)

BACKGROUND: San Juan is one of the few urban cities in the Philippines which values and preserves its very rich historical, religious and cultural heritage despite its booming economy and remarkable progress, the City of San Juan is now recognized as the “Historical City of Excellence” also for having been consistently awarded and conferred with numerous and unprecedented recognition because of its excellent governance, outstanding leadership, environmental concern and public service.

Apart from being historically known for its Pinaglabanan Shrine where the first battle of the Katipunan against the Spaniards occurred in 1896 and its significant part in the eventual attainment of the Philippine Independence in 1898, San Juan is likewise the only city in Metro Manila that retains its original name given during the Spanish Era, in honor of its Patron Saint, St. John the Baptist, thus, likewise retaining its religious connotation.

The City of San Juan also takes pride of its local and global affiliates and friendly relationships with other cities, which includes, among others, Luwan District of Shanghai, China; Maui, Hawaii, and Sta. Barbara, California of the United States of America, among others.

**PURPOSE AND
EXPLANATION:**

City Councilor Vincent Rainier M. Pacheco Chairman of the Committee on Culture, History, and Tourism introduced San Juan City as the prospect of a sister city of your progressive locality The City of Brunswick, State of Ohio. San Juan Metro Manila Philippines is a sister city of Santa Barbara CA since 2009 and a new sister of The County of Maui Hawaii. San Juan Metro Manila Philippines is a friendship city with Milpitas CA since the early '90s.

San Juan is a small city in Metro Manila but they will not be a burden to a future sister city to The City of Brunswick, but will be an asset in terms of culture, trade, best practices and can share growth.
