**FINANCIAL
INFORMATION:**

**FINANCIAL
SUMMARY:**

**RECOMMENDED
ACTION:**

One Reading	No
Two Readings	No
Three Readings	Yes
Emergency	Yes
Suspension of Rules	No

If emergency or suspension of the rules, why the request?

It is requested that legislation is passed by emergency measure so that the easement can be put into place in a timely fashion and so that construction on the site can continue on schedule.

**ADDITIONAL
INFORMATION:**

STANDARD EASEMENT
FOR THE
INSTALLATION AND MAINTENANCE OF A WATER MAIN
FOR THE PURPOSE OF SUPPLYING WATER SERVICE

(I, We) **Pinecraft Land Holdings**, the Grantor herein, for valuable consideration received and to be received to (my, our) full satisfaction, do hereby grant and convey to the (City, Village, Township, District) of **Brunswick**, and to the City of Cleveland, political subdivision of the State of Ohio and Grantees herein, the perpetual right-of-way and easement for the purposes hereinafter mentioned in the following described premises (the "Premises"):

Situated in the (City, Village, Township, District) of **Brunswick**, County of **Medina**, State of Ohio, known as being part of the Original **Brunswick** Township Lot No. **18 and 19**, and bounded and described as follows:

"A copy of the legal Description is
attached hereto as Exhibit "A" and made
a part hereof as If fully written herein."

Grantor and Grantee agree that all references to either part in this instrument shall include that party and the party's heirs, administrators, successors and/or assigns.

In consideration of the mutual covenants contained herein, the Grantor hereby grants and conveys unto the Grantees the right and easement to enter upon the premises to lay, install and maintain therein a water main and appurtenances, including service connections and pipes; to set all water meters and make all repairs to water mains, service meters and appurtenances which the Grantee deems to be necessary or advisable from time to time; to turn off water to any service connection or water main; or to do any other thing which the Grantees deems to be necessary or advisable in order to operate or maintain said mains, meters, connections, pipes and appurtenances in accordance with the ordinances, rules and regulation of the Grantees which are now in effect or may be adopted hereafter.

In consideration of acceptance of the easement by the Grantees, the Grantor agrees to pay the entire cost of installing a water main and appurtenances upon the premises, which main shall be located not less than nine (9) feet from either lateral limit of the premises, The water main and appurtenances, including valves and hydrants, shall upon completion, and approval by the Grantees, become and remain the property of the Grantee (City, Village, Township, District) of **Cleveland**, and shall be a distribution water main of said Grantee within the purview and subject to the terms of any Water Service Agreement between said Grantee and Grantee, the City of Cleveland, now or hereafter in effect.

All service connections shall be installed in accordance with the ordinances, rules and regulations of the Grantees at the expense of owners of abutting property or others who seek water service thereby. Service connections shall be assigned to specific street mailing addresses by Grantee, City of Cleveland, when said Grantee receives the official designation of such addresses from Grantee, the (City, Village, Township, District) of **Brunswick**.

All water meters shall be furnished and set by Grantee, City of Cleveland, at the expense of the Grantor. All water shall be supplied by Grantee, City of Cleveland, in the same manner and to the same extent that said Grantee supplies water to properties abutting on public streets in the City of Cleveland.

The Grantor hereby restricts the premises against the construction thereon of any temporary or permanent structures, except that Grantor may install or cause to be installed sidewalks or pavements, or tunnels, railroad switch tracks, sewers, ducts, pipes or pole lines which cross over or under the premises at an angle of not less than forty-five (45) degrees with the center line of the water main, or which clear the water main by not less than one and one-half (1 - ½) feet above or one and one-half (1 - ½) feet below.

The Grantor agrees to keep the premises free of materials, equipment, vehicles, trees, shrubbery, and any other obstructions which would interfere with Grantees' access to or maintenance of water mains and appurtenances. Grantor further agrees to make no alterations to the premises which would increase the dept of the water main to more than six (6) feet or reduce its depth to less than five (5) feet.

The Grantor agrees to construct a hard surface driveway, of at least fifteen (15) feet in width, adjacent to the water main. The Access driveway shall be constructed of concrete or asphalt and shall conform to current Ohio Department Of Transportation specifications.

If the Grantor desires to alter the premises in any way other than is expressly permitted herein, he must obtain the prior written approval of the Grantees. Upon receipt of such approval, the Grantor shall at his own expense relocate or reconstruct all or any portion of the water main and appurtenances which are affected by such alteration and, where necessary, grant a new easement of not less than fifty (50) feet in width under the same terms and conditions as herein provided. The relocated or reconstructed water main and appurtenances shall, upon completion, and approval by the Grantees, become the property of Grantee, the (City, Village, Township, District) of Cleveland.

If the Grantor violates any of the provisions of this easement, the Grantees, either jointly or separately and at the expense of the Grantor, may enter upon the premises and discontinue water service or make such alterations as are necessary to bring the premises into compliance with the provisions of this easement.

Whenever maintenance or work of any kind is performed on the premises under the terms of this easement, the Grantees, jointly and separately, shall bear no responsibility for restoration of the premises or their environs to their original topographical condition.

The Grantor indemnifies and holds harmless the Grantees from any and all damage, injury or loss to any person or property caused by, related to or resulting from any leaks in the water main or appurtenances or the maintenance, construction, reconstruction or relocation of said main or appurtenances, other than damage, injury or loss caused by, related to or resulting from the sole negligence of the Grantees. The Grantor further indemnifies and holds harmless the Grantees from any and all expense incurred and damage to the water main and appurtenances caused by, related to or resulting from the Grantor's construction or maintenance of any paving, walks, switch tracks, tunnels, sewers, ducts, pipes or pole line within or upon the premises or from any other use of the premises by the Grantor.

The Grantor hereby reserves the right to use the premises for the passage or transportation of personnel, materials or equipment, and to make such other use of the premises as is not expressly prohibited by or inconsistent with the terms of this easement.

The Grantor and the Grantees mutually agree that neither the recording of this instrument nor its acceptance by the Grantees shall be construed as a dedication of the premises or an agreement by the Grantees to accept the premises for dedication for public use as a street.

The Grantor covenants with the Grantees that it is well seized of the premises as a good and indefeasible estate in fee simple and has the right to grant and convey the premises in the manner and form above written. The Grantor further covenants that he will warrant and defend the premises with the appurtenances thereunto belonging to the Grantees against all lawful claims and demands whatsoever for the purposes described herein.

TO HAVE AND TO HOLD the above granted easement, right-of-way, water lines, appurtenances and additions installed by the Grantor, for the purposes above mentioned, unto the Grantees forever.

THE CITY OF BRUNSWICK
PROPOSED LEGISLATION

DATE: 11/13/2017

TO: Vice Mayor Patricia Hanek and Members of City Council

FROM: Carl S. DeForest, City Manager
Robert Marok

COPY: Mayor Ron Falconi

LEGISLATION: **RES. NO. 114-17** - An emergency resolution authorizing the City Manager to enter into an agreement with Presidio for the purchase of a Unitrends computer backup system in an amount not to exceed \$53,000 - **1st Reading** - (To be brought from the Services, Utilities, Technology & Cable Committee, *Administration/Robert Marok*)

BACKGROUND: The City of Brunswick currently uses a tape backup system to meet the requirements of the Ohio State Auditor office. This method is inherently slow and can not meet real time expectation for recovery. The City experienced a failure in August of this year that pointed out the weakness of attempting to restore from tape. Several solutions were examined and compared by the Brunswick Information Technology Department. The Unitrends proposal allows us both near real time recovery capacities as well as the ability to leverage our existing infrastructure to still write to other storage devices as well as tape. Presidio is an authorized dealer for the Unitrends' Federal GSA contract (GS-35F-0511T)

PURPOSE AND EXPLANATION: To increase the recovery and back up strategy of computer information for the City of Brunswick Information systems

IMPLEMENTATION SCHEDULE: Upon passage

FINANCIAL INFORMATION: Financial - 11/13/2017 - Info Systems Capital Subfund #904 & General Fund #001 - 904-0302-56252 = \$16,999.44 & 001-0302-54253 = \$33,000.56 - - 53500

FINANCIAL SUMMARY: The amount will not exceed \$53,000

RECOMMENDED ACTION:

One Reading	Yes
Two Readings	No

Three Readings	No
Emergency	Yes
Suspension of Rules	Yes

If emergency or suspension of the rules, why the request?

The system will be used to allow critical functions of dispatch and police operations to come back online in a minimal amount of time and allow for quicker recovery times. By supporting the base line functions of Dispatch and Emergencies this will better protect the life and welfare of Brunswick City Residents
